

Meet Karma—a golden retriever who likes to do good things.

Let's discover all the ways Karma is a good dog!

"This is a beautiful tribute to an extraordinary dog who played a very special role in helping others. As a Hero in the Morris Animal Foundation's Golden Retriever Lifetime Study, Karma helped identify risk factors for diseases in dogs. Now, author Laurie Hanson is helping by sharing proceeds of this book to support our Foundation. Indeed, Karma was a good girl, and this book is sure to delight readers who share a special bond with their own dogs."
