## President's Message

Kathy Jacobs • sheso@sbcglobal.net

Dear NBGC Members,

Typically, I take this opportunity to write a message to provide an update... and it's usually quite lengthy. But not this time. Instead, I would like to share my excitement with everyone that so far 2025 has treated NBGC well. Our Sprouts is growing in pages, we are getting the advertising support, and **NBGC's membership has added 17 new members!**

NBGC will continue to offer a publication that everyone will benefit from and enjoy! Goals for the future will be to see "Friends of the NBGC" resume supporting Conformation and add Performance to those events. All Brussels Griffon Companion owners are welcome and encouraged to attend any event in their area. We will try to keep everyone posted and will advertise in Sprouts any future NBGC activities.

**REMINDER:** Deadlines are very important because it enables us to get each issue of Brussels Sprouts to you sooner. Please keep this in mind when submitting for the next issue (FALL) which deadlines AUGUST 15th. Start planning and preparing now. **For advertising the full pages will remain \$50/each with the exception of the Front & Back Cover(s).** The Fall issue Front Cover, On The Cover and Member Feature are available at this time, so reserve it you want to get in on a great opportunity to make an issue your keepsake edition. Also, the next Sprouts will have a FLASHBACK feature so start going through your old photos and pick the one(s) you want to publish. Will we recognize you? Let's have a lot of fun with the upcoming Flashback Feature!

Sincerely,  
Kathy Jacobs, President (916)396-4567 • sheso@sbcglobal.net

**SUMMER FUN IS COMING ...  
AND THE HEAT IS COMING TOO!**

*With thoughtful preparation you can keep your dog cool,  
comfortable and healthy during the summer – at home and events.*

**WISHING EVERYONE A SAFE  
AND MEMORABLE SUMMER SEASON.**

## Vice President's Message

Mark E. Pinkston • mpinkston77@gmail.com

Attention Members...

**Great Job!!!!** Anne Jahelka, Janette McDaid, CJ Jones, Randy Kitchens, and John Swanwick.

During the last quarter, I received five responses to my request for personal pictures and stories.

I have to say that I was very surprised by the response. I appreciate these members taking the time to share with our membership and enrich the "Sprouts." So making good on my promise, I have sent all five members my best wishes and a \$15.00 Starbucks Card.

**\*\*You could be next\*\***

For the **next 4 members** who respond to my request, I will bequeath a **\$15.00 Starbucks Gift Card**.

I want **you** to send me your favorite BG picture and tell me a little bit about yourself and your picture.

Here is my personal E-mail address: **markpinkston77@gmail.com**

Thank you,

Mark E. Pinkston  
NBGC Vice President

### NBGC MEMBER NEWS ANNOUNCEMENT

Community and Performance News is a combination of member submissions and posts gathered from social media.

If your news is missing, please know we want to include everyone... Send it and we will print it! To get your news in, or decline participation, please notify NBGC in writing by sending an email to: sheso@sbcglobal.net

Looking forward to hearing from you and Thank You for your continued support of the National Brussels Griffon Club.

## From the Membership Chairman

Jacqueline Renée Pinkston • RPinkston10@gmail.com

Greeting NBGC Members,

Our NBGC Membership continues to grow with the addition of seven new member applicants this quarter.

- **Cheyenne Duplanatier** from Atascadero, California: referred by Ruth Tyndall.
- **Emily James** from Mount Juliet, Tennessee: referred by Kathy Jacobs.
- **Katya Oliinechuk** from Venetia, Pennsylvania: referred by Heidi Cambell.
- **Laura Burkart** from Long Island, New York: referred by Kathy Jacobs.
- **Francis Flavin** from New Hope, Pennsylvania: referred by Kathy Jacobs.
- **Ellen Boszomenyi** from Worcester, Massachusetts: referred by Donna Vartanian.
- **Heather Stants** from Homosasa, Florida: referred by Kathy Jacobs.

I would like to send a special Thank You to Ruth, Donna, Heidi, and Kathy for their thoughtful referrals, and welcome our new members to NBGC.

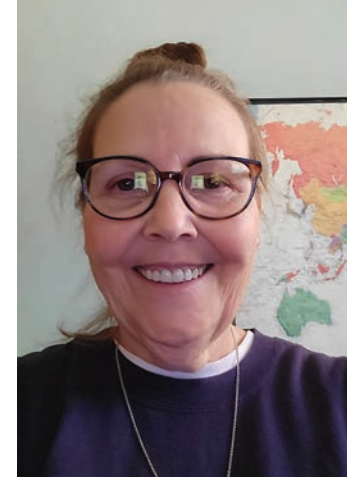

I wish our members a healthy and happy summer, and remind you to encourage your new puppy owners, friends, and associates to join our ranks. There is no better advertising for the club than your personal referral.

As always, if you have any compliments, questions or concerns, please feel free to give me a call.

I thank you all for your continued support of NBGC.

Sincerely,

Jacqueline Renée Pinkston  
NBGC Membership Chair

## Moving?

*Send your change of address to the Membership Chairperson so you won't miss the next issue of Sprouts.*

# Welcome

## NEW NBGC MEMBERS

For your convenience, please remember to use your  
2025 NBGC Membership Directory to note new members, address  
changes & contact changes for future reference until 2026

## Brussels Sprouts Editor & Designer

Susan Hurrell • DaybreakD@me.com

Welcome new/current NBGC members and Summer!

Congratulations to all the 2025 National winners! Results are in this issue along with some photos. I hope you enjoy this issue as much as I enjoyed working on it for you.

**Thank you Sprouts advertisers!** I am so honored to bring your photos & ad copy to life for you. Your support truly means a lot to the NBGC.

Please send in your news, write an article or two, submit a few candid photos, and please advertise your achievements. Kathy & I are here to help you make *Brussels Sprouts* a success for the NBGC.

Thank you very much,  
Susan Hurrell

## We Can Always Use Candid!

**Send your Candid photos in for future Brussels Sprouts.**

We need candid photos of Griffis to illustrate upcoming articles.

Show us your dog at play, at rest, being good, being bad...

Being a Griff! Just no posed show win photos, please!

All photos contributors will be given a credit line.

Send your digital images to Susan at DaybreakD@me.com.

Please Put **"Sprouts"** in the subject line.

*Thank You!*

# Short Griff Stories

Do you have a heartfelt story to share with the membership...  
Send it along with a photo to Kathy at: sheso@sbcglobal.net

## *Cali the Therapy Dog*

The therapy dog group I belong to, Angel On A Leash; besides visits to nursing homes, hospitals, schools, rehabs, senior living facilities, etc, gets requests from local colleges at exam time, to bring the dogs in for "Stress Relief" visits. Cali and I like to join the other therapy dogs when we are able.

The pictures are of our visits around the holiday (Cali in her Christmas dress and as an elf). The other picture was taken recently when we did another "Stress Relief" visit at Bucks County Community College.

I take a blanket or crate pad for her to lay on if she wants to because she will be 15 in a few weeks and I'm sure the cold tile floor is hard on her now. This time the college had a dog bed there for any of the dogs to use and Cali quickly commandeered it. Usually, we only stay an hour because that seems to be enough for Cali, but she was quite happy to stay for the whole session having the bed to hop on between student visits. Cali says, "Thumbs Up!" To Bucks County Community College.

~ Nancy Andreas ~

**IT'S BEEN A WHILE  
AND WE ARE ALL A LITTLE OLDER...**

*Titled and retired and now a Veteran,  
Please let us re-introduce*

# ROMEO

After a five-year vacation, entered the 4-day Salty Dog Cluster in Woodland, California. These are a list of the old man's accomplishments in his first weekend back:

## **Redwood Empire Kennel Club April 24-25**

Thursday - Best of Breed, 5 pt Major over multiple Specials  
Best of Breed Owner-Handled  
Toy Group 4  
Judge Ms. Denise Dean

Friday - Best of Breed, 5 pt Major over multiple Specials  
Best of Breed Owner-Handled  
Judge Brent Wright

## **Chief Solano Kennel Club, Inc. April 26-27**

Saturday - Best of Breed, 5 pt Major over multiple Specials  
Best of Breed Owner-Handled  
Judge David Denis

Sunday - Best of Breed, 5 pt Major over multiple Specials  
Best of Breed Owner-Handled  
Judge Mrs. Donnelle Richards

**CH Legacy's Slow Dancin' With The Moon**

Sire: Legacy's Walk This Way

Dam: CH Galaxie's Oregon Opal

THANK YOU TO EVERYONE WHO ENCOURAGED US  
TO GET BACK IN THE RING, FOR THE SUPPORT  
WE RECEIVED FROM FRIENDS WHILE TRYING TO ACHIEVE  
THIS GOAL AND TO THE JUDGES FOR THE RECOGNITION  
ON THIS VERY SPECIAL WEEKEND...

THANK YOU ALL, *Randy & Kathy*

# Welcome to NBGR

**Where Compassion  
Has a Tail and a Team!**

If you're not familiar with us—pull up a dog bed and stay awhile. If you've been with us for years—thank you for being part of the heartbeat of National Brussels Griffon Rescue (NBGR)!

We don't count our wins in numbers—we count them in tail wags, joyful zoomies, and the spark that returns to a dog's eyes when they realize they're safe and loved. Some of our Rescues come from heartbreaking neglect or abandonment. Others are surrendered by owners facing life's toughest curveballs—illness, loss, time constraints, or family changes. Whatever the backstory, every Griff we welcome into our arms receives the same three promises: care, compassion, and a brand-new beginning.

That promise is kept thanks to an all-star team that works around the clock (and around the country!) to make miracles happen: our fosters, donors, adopters—and the quiet superheroes behind the scenes—our adoption coordinators.

Fosters are the healers and huggers. They give each dog a soft place to land, help mend their bodies and hearts, and learn their quirks so we can find their forever someone.

Donors are the reason we can say “yes” to the hard cases. Vet bills are brutal, and most of our Rescues need more than a quick shot and a treat—they need real care, real fast.

Adopters are the dream-makers. They open their homes and their hearts to dogs who need a second (or sometimes third) chance—and become the happy ending love story.

And then... there are the adoption coordinators. The backstage crew making sure every detail runs like clockwork, even when life gets messy.

When a call comes in—whether it's 6 a.m. on a holiday or 10 p.m. on a Sunday, they're the ones answering. They line up vet visits, organize foster placements, arrange transports, read

through applications like seasoned detectives, and somehow manage to be therapists, logistics pros, and dog whisperers all at once. They juggle jobs, family, and their own health while still saying yes to the next dog in need. Each of them are also foster moms—usually for the high-maintenance heartbreakers who need more TLC than most. There's no spotlight, no paycheck, and definitely no off-switch. Just pure devotion.

Here's the amazing part—this team shares almost 75 years of combined unwavering commitment to NBGR's mission.

**Vicki O'Neill** – 28 years and counting. Her memory is encyclopedic, her instincts are sharp, and her commitment is unmatched.

**Lyn Ruth** – Compassion incarnate. Lyn has taken in groups of Griffs from mills and hoarding situations—up to 14 at once! Every single one got the royal treatment and a fresh start.

**Cristen Barry** – The final chapter guardian. Cristen opens her home and heart to our oldest, most fragile Rescues, giving them dignity and peace in their twilight years.

Our rising stars:

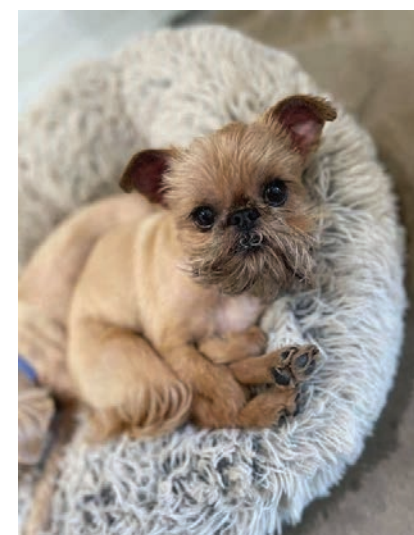

**Darlene Shipman, Holly Pruitt,** and **Mary Kate Boyle**, each bringing 5–6 years of dedication to NBGR, and newcomer **Chris Calvin**, already making her mark. Together, they're a dream team—with heart, hustle, and serious commitment.

These women are the glue, the grit, and the grace behind every successful rescue story. You'll never hear them say, “That's not my job.” Instead, they ask, “What needs to be done?” and jump in, paws first.

Together, our fosters, donors, adopters, and coordinators form a rescue family that runs on love and never backs down from a challenge. Every single Griff who finds safety, healing, and home is living proof of what we can accomplish—together.

## A TRIBUTE TO *Judy March Rosenthal*

March 1, 1938 - April 5, 2025

*Submitted by Lorene Vickers-Smith*

"In the beginning..." Judy was a cat person, but she had severe asthma which affected her quality of life and prompted many moves across the U.S. to hopefully find the perfect climate. She turned to dogs and acquired her first Brussels Griffon, GMAX-RR. Judy was a voracious reader and poured over every book available on canine care and training. Soon to follow were a rescue named Willie Mae and a black rough Griff from a show breeder, she called Tina (Wee One's Tina-BR).

I told Judy that her rescue dog, Willie Mae, looked similar to a Caanan Dog except for her color. This observation led Judy into acquiring a "real one"... named Hannah. With instruction and the friendship of wonderful Caanan breeders, Judy became very involved in the Caanan Dog Club of America before AKC recognition and served as a board member. She excelled in producing some top winning Caanan dogs.

Judy joined the eastern, basically "closed" American Brussels Griffon Association early on and took us (Terry and Lorene) to our first meeting at Iris' house where we were finally able to put in our membership application and know it got there! Iris knew me as that little Pug girl and often put my Pugs up. Our \$ accepted & application was approved that night, without Iris realizing our goals. I added Griffon's to our home with the full intent of working in the color Black.

Judy with Essie (CH Wisselwood Essie Lou Rosendog-BR)

I was totally smitten after being bitten by Kay Braukman's winner, Ch. Arway's the Mouse that Roared-BR. I had spent over 20 years of being quite successful in improving and establishing the Black color with 'soundness & type' in Pugs. If Judy hadn't been able to facilitate getting us "in" with Iris and ABGA - hence making it possible to use Terry's knowledge and Dawn's background, and all the work that followed by so many - who knows how long it might have taken to open up ABGA's membership and bring the Black Smooth to a vote.

Judy bred Tina to my Champion EmKay Night Stalker-BR, and as a result the litter of one produced our first Wisselwood's black smooth! She was named Iris, of course, and became my husband Terry's constant companion.

In the many years before ABGA Nationals moved to Louisville, the National Specialties and annul meetings were held

at several venues in the East. Judy always opened her family's estate in Chappaqua NY to the Griffon friends and their dogs. We had memorable parties there with a lot of food, swimming and herding the ecstatic Griffons into manageable, safe areas.

Though Judy finished many black Wisselwood based conformation Champions, her passion was competing in Performance and in 1989 she was featured demonstrating Max in Obedience at the end of the only AKC/ ABGA Brussels Griffon video in the 'AKC Meet The Breed' series required for Judges applying for breeds.

Today I smile remembering Judy saying "Max, my 'bouy' is eight times incorrect according to the standard"... He was pet quality, but in her eyes, he was the best! Judy was the one through her books and medical knowledge that acquainted me with Juvenile Cataracts as we watched Max chase shadows and reflections along the shores of Lake Placid. I think we taught each other a lot. I learned from her unorthodox manner to be more broadminded, forgiving and always think the best of everyone. Judy was a kind,

unique, wonderful and loyal friend who always tried to do 'right' in every way by our breed.

Judy served as the National Brussels Griffon Club's Eastern Area Director for several years. Judy supported NBGR and toward the end she mailed boxes of items and books to be used for Rescue's benefit.

Judy was a good, kind and generous soul. She lived and did everything 'by the book'.

On occasion, she would (way too) loudly come out with an inappropriate comment, totally off the wall! Judy raised a lot of eyebrows but was always unapologetically herself. That 'self' was a fantastic human being. She was sensitive, had a great sense of humor but most importantly Judy always meant well!

Judy adored her Griffons and Canaans, they were her family and slept in her bed. She was kind, loving and would put herself out for all animals (with the exception of skunks, which is another long story).

My life has been richer and fuller because of Judy. We had a long, interesting, fun and often crazy relationship.

I miss her,

~ Lorene ~

Judy dining with ABGA president Terry Smith and NBGC President Lorene Vickers-Smith

# Community NEWS

**Community News!** All members are encouraged to share their announcements, photos optional. Everyone is welcome to contribute. In an effort to build the Community News, NBGC member posts on social media may now be captured to be included in Sprouts Community News. To get your news in or decline participation, please notify NBGC in writing by sending an email to: sheso@sbcglobal.net. There is never a fee with Community News. Send your Brussels Sprouts Community News to Kathy Jacobs at sheso@sbcglobal.net. And don't forget your photos!

## Here's what some of our NBGC members have been doing!

### Judy Bin-Nun

The Big Brothers with their new babies!! It's Besties Bart and Jean Claude and my Pitzel with the wild boy Simi who is 11 months old and full of energy, playfulness and kisses.

### Stacey Cronyn

Day 2 of Syracuse BOB for RBIS Can GCH St Johns Northern Exposure for Navyn. Two pts left to go and Bridget is an AKC CH!

### Kambria Ledesma

Warrenton Kennel Club- Doswell, VA

Quest's first weekend out as a special! He received Best of Opposite and BOBOH for his first champion defeat and 2 points towards his grand championship! Thank you to Judge Lee Whittier for the nod. And thank you Grace Wilkins Maxwell for these awesome photos!

CH Fist Face's Unusual Request TKN - Quest

(GCHG Wishing Well Bobcat's Peace, Love, and Pixie Dust x Fist Face's TiggerTot DCAT TKN)

### Fist Face Brussels Griffons

Illinois Valley Kennel Club of Peoria - Bloomington, IL

Quest took Best of Breed and BOBOH nabbing a major for his grand. Pending AKC approval we are proud to introduce GCH CH Fist Face's Unusual Request TKN. He went on to take OH Group 4!

Gig took select for a couple singles towards his grand his first time out as a special!

Clu takes Winners and BOW for her first major!

Thank you to breed judge Sherry Webster and OH Group judge Dr. Azalea Alvarez for recognizing our dogs.

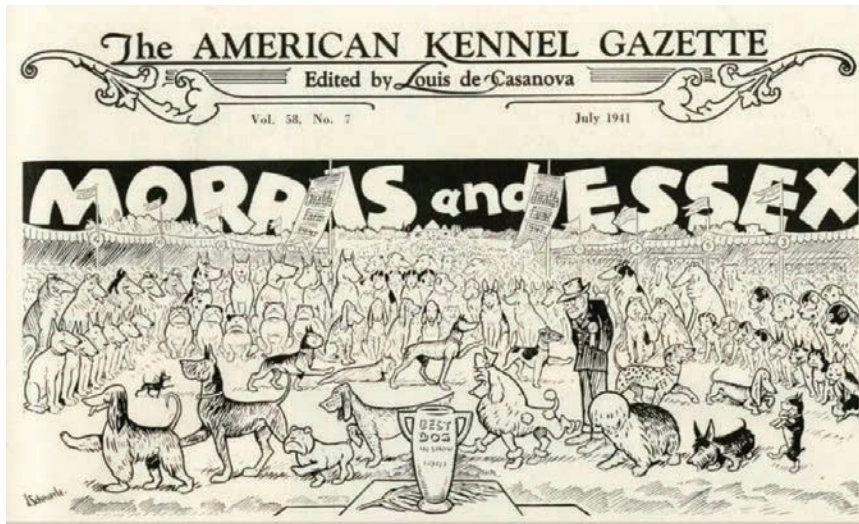

## Kathy Jacobs

The Griffons had a great Memorial weekend at Tanana Valley Kennel Club in Fairbanks, AK. BIS RBIS CH Huntwood's Enjoy the Somerset "Joy" placed in the toy group every show with Mel Derr and CH Locomotion's Don't Stand So Close To Me DCAT CGC TKN "Ike" and Elizabeth Beam won Reserve Best Junior.

## Emily James

Pretty rosette for a pretty boy!  
Thanks Mimi for being the best assistant. :)

RW Groom X is a grooming show in Owensboro, KY. Ekko and I competed in the entry level wire coat class and placed third. You have an hour and 45 minutes to complete the groom to breed standard and present to the judges. This was our 3rd grooming competition and 3rd time getting recognized for our hard work!

## Kathy Jacobs

Randy Kitchens and Romeo pictured at the Hangtown KC shows Memorial Weekend after being awarded his second BOB/BOBOH and 4 pt major officially becoming GCH CH Legacy's Slow Dancing With The Moon. Next show not until Woofstock in June...

## Sonja Winter

Happy 14th Birthday to the most perfect little girlie!!! To say you are my heart doesn't even begin to express how precious you are to me my Sizzz.....!!!

## Kat Worley

Second weekend out with Charlie my specials girl at 10 months she is still a baby so taking it slow and keeping it fun. She has been just a joy to show and soooooo much fun, she is my bed partner and the most snuggly Griff I have ever had. She is a ball of fire on a leash and sweet and snuggly in bed. Thank you Julie Breshears Achord and Steve Frerichs for letting me steal her away from you, she has definately stolen my heart. Thank you to the Yakima Dog Show for putting on a wonderful weekend of shows.

Friday: Charlie - BOB NOHS Group 3 (first group Placement)

Saturday: Charlie - BOB

Sunday: BOB NOHS Group 3

## Jeslyn Wynkoop

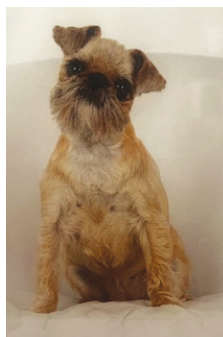

My last griffy was Miss Bailey. I am looking for a red rough bitch about 6 or 7 years old, no more puppies. This would be my 4th griffy. Can not imagine another breed.

My painting will go into the club for future big auction along with other griffon old cards. After I depart that is!!! Lots to donate.

Bailey in her youth

# WINNERS

*Vice President Mark E. Pinkston graciously offered five \$15.00 Starbucks Coffee gift cards to NBGC Members that were first to send him Sprouts items... Here are the winners!*

## JANETTE MCDAID WINNER

This photo of Edie was taken on her 6th birthday at our home in Sacramento, California. She'll be turning 14 on June 1st, and although she's now a senior, she still has the same adventurous spirit. Whether it's going for a ride in the car or exploring new places, Edie is always ready. My husband Shane and I love taking her and our terrier mix, Willow, to Capitola and Santa Cruz. The beach is one of their favorite places! Edie continues to bring so much joy, laughter, and love to our lives every day.

## RANDY KITCHENS WINNER

I'm submitting a photo of myself and "SheSo" taken on the beach at Folsom Lake. My entire life I had always had large breeds – until I met my wife almost 30 years ago. My wife, Kathy, had showed Pekingese with her mother who was the one who mentioned Brussels Griffons. Little did I know this would ultimately lead us to beginning of our love for the breed. SheSo will always be #1 in our hearts. 1998-2010

## ANNE JAHIELKA WINNER

I'm sending you this photo because it has made me so happy. It was taken at this year's Louisville Cluster.

These puppies were bred from seventeen year old frozen semen from Lincoln and our beautiful black and tan girl Shadow. We have very little Lincoln semen and to have finally produced four beautiful puppies, three show potential and one amazing pet, Tera Majors and I are extremely happy. Just looking at these three little faces gives me a thrill.

## JOHN SWANWICK WINNER

This is my favorite picture of my boy Monki. I lost him to a brain tumor last July - he was 14. This picture was taken in Avon-By-The Sea, NJ near the jetties when he was 12. He loved the beach, but hated the water, and nothing fascinated him more than the crevices in the jetties and all the creatures therein. Please consider this photo for the next Sprouts issue.

In mid-December I got the diagnosis that you never want, cancer. Breast cancer, stage 0 (thankfully)!

My surgery was January 24th. My mom & Griff owner, Nancy Andreas flew from Pennsylvania to California to help me out while I recovered. She took over feeding Little Bear & Little Bit (Bitsy). I recovered quickly and soon we were walking the dogs. We were told the surgeon got "clean margins in the borders" so mom went home.

Upon my post-op I got more news, microscopically there was still cancer. A mastectomy & reconstruction were scheduled for March 18th. Once again, mom flew cross-country to help me out. Leaving her beloved Cali and German Shepherd, Vito at home.

This journey was harder and longer. At the post-op I found out again, microscopically more cancer cells in the fat under my skin.

Mom has been here (at this writing) just over six weeks. Surgery was scheduled for April 11th but due to a spot not healing well, we had to postpone until the 25th. Postponed again until May 9th.

Guess what!? Mom is STILL here! She is heading home on May 6th.

Back in Pennsylvania she has her almost 15-year-old Cali, and Vito my sister's German Shepherd. My sister is caring for them at mom's house.

She also teaches dog agility at K-9 Academy. Her husband & boss have been very understanding.

At this writing mom said she would stay until the end of the month, but she was willing and able to stay longer. Not sure who is happier, me or Bitsy!

I can and will heal and I am so grateful to have mom, who not only introduced this breed to me, but who is also willing to put her life on hold to help me through this difficult journey.

*Tenja Brussels Griffons*

Email: trmajors9@gmail.com

## 1. Where were you born and grew up?

I grew up in Monaca Pennsylvania with my mother, sister and brother! I am the youngest of the 3 siblings.

## 2. Were your families involved with purebred dogs? If so, what breeds?

No, growing up we always had a dog from the shelter only because I begged over and over for a dog.

My siblings were always interested in sports where I was animal obsessed.

## 3. How did you get interested in purebred dogs? Why did you choose the Brussels Griffons?

I was always fascinated by the dogs shows on TV wishing that someday I could be lucky enough to own a dog I could show. I have always been drawn to the breed, their unique look and adorable face made me very attracted to the breed.

## 4. What are / were your occupations? Education?

Right out of high school I went to college for Phlebotomy, with intention to progress to nursing school. I did enjoy the work, but I knew I needed to be in a career that involved pets. While I was in college I, was working at PetSmart as cashier for a very short time before I went into the grooming salon as a dog bather. Right then I knew that was where I needed to be in my life, working with pets. From there on I went to a dog/cat grooming academy and never looked back. This October is my 24th anniversary as a dog groomer/manager.

## 5. From whom did you get your first Griff – Breeder, Kennel Name and name of first Griff?

My first Brussels Griffon came from a not so good situation, he was from a puppy mill in Missouri to a pet store at a nearby mall. A friend of mine used to work there and said there were several puppies that were quite sick and not receiving the vet care needed and were being surrendered to her. My friend knew I always wanted one and asked if I were interested in taking this coccidia, giardia, kennel cough, worm infested puppy to care for. Poor little guy also had an open fontanel and a luxating patella. I couldn't say no!

## 6. What did this dog go on to do, and how did it inspire you to continue in the breed?

After getting this disaster of a puppy back to health, I started taking him to agility and rally classes. I figured since he had AKC papers I could do some sports and activities with him with no expectations but to have fun! He exceeded way more than I could have thought! After finishing some agility classes we signed up for some

Ono and I at our first Grooming competition together!

CH St Johns Ono You Didn't "Ono"

## Member Feature - Tera Majors

shows, before I knew it we received an invitation in the mail from AKC that he was ranked as one of the Top 5 Griffons in Agility. This huge event took place in Long Beach California... of course I had to go! Gunner and I competed for several years, we achieved 4 Master Agility Championships and a Rally Excellent Title. He opened my eyes to a whole new level of competing. Gunner passed away a short time before his 16th birthday.

MACH 4 Majors High Drive Gunner  
RE MXC MJS2 OF - DOB 01/09/2005

### 7. Your second Griff?

My second Griffon came from St Johns Kennel (Jeff Bazell) his name was Petyon! This adorable little dog ended up being the best agility dog I could have asked for! In his career he accomplished 5 Master Agility Championships and several invites to the Agility Invitational in Florida. Peyton was The #1 Brussels Griffon in Agility for several years, made and placed in the finals, and won

Peyton making breed history placing in Finals at the AKC Agility Invitational

the breed medallion many years in a row. I lost Peyton earlier this year to Kidney disease that came on very fast. He was an incredible pet and unforgettable partner in the agility ring that has left a huge hole in my heart.

MACH 5 St Johns Quarterback Kid  
MXB2 MJS2 NF T2B - DOB  
11/30/2012

### 8. If you bred, please tell us about your first litter...

I just recently after 19 years of owning Griffons co-bred my first litter with Anne Jahelka of Belleterre Kennel. We co-own a lovely bitch together and used frozen semen from her wonder dog "Lincoln" MBIS MBISS CH Cillene Masquerade.

I also have had border collies for 18 years and have been breeding them going on 9.5 years. I have bred several AKC Champions, Grand Champions, Grand Champion Silver, National Select Winner, Crufts

Such a proud little guy!

Tilley, Twinkle, Tipsy & Rigsby at training class

Peyton finishing another Master Agility Championship in Latrobe, PA

How could you not love this face!

## Member Feature - Tera Majors

Invites, Westminster Select Bitch, Master Agility Champion, Agility 16' Invitational Winner, Dock Diving Titles, Herding Dog Titles, and Obedience titled dogs.

### 9. How did you choose your kennel name and why?

My Kennel Name is "Tenja."

**T** for Tera -- **EN** for Envy my foundation bitch who is going on 14 years old. CH MACH KeepEmGoings Making Ewe Envious MXS MJB MXF T2B CGC -- **JA** for Jade my first border collie born 3/10/2007, I finished 6 MACHS, a Companion Dog and Grand Championship on her. She was my first dog to ever show in the breed ring.

### 10. Favorite win or most memorable win?

My Favorite win... that's a tough one. My favorite win would have to be all of Twinkles. She is a tough dog to show, she gets bored super easy and has no patience

for standing still LOL! Her wins are all very special to me, it was just her and I accomplishing this together. Royal Canin was a very exciting win, so many lovely Griffons! With a smooth coat that's it, no hiding flaws. So, to be awarded Best of Breed at the National Roving Specialty Under a Breeder Judge was very memorable.

### 11. Favorite shows and why they are your favorite?

I have two favorite shows of the year, the first one being Royal Canin. I have for several years been invited for agility and recently in the last few years also completed in conformation also there. My other favorite show would be the Kentuckiana Cluster, there is a Specialty for Border Collies and also our Griffon National. It's fun getting to see everyone and dogs from all around the world.

All six photos are Tera with Twinkle, this issue's cover dog...

## Member Feature - Tera Majors

### 12. Your goals for your breeding program?

My goal for my breeding program is to produce healthy Griffons that continue to have breed type and success in the confirmation and performance ring. I am always open to learning more and absorb all I can about this wonderful breed.

### 13. What do you feed your dogs?

All of my dogs are on ProPlan and freeze dried raw.

### 14. Other than Dogs, do you have any hobbies?

My favorite thing to do outside showing the dogs is go hiking, camping and boating. I really enjoy the outdoors and spending time with family and friends.

### 15. What advice would you give to a new person in the breed ?

Anyone wanting to get into the breed, I recommend finding a great mentor and LEARN all you can. So many just want to jump into breeding, take your time and do it right.

### 16. Anything else you would like to share so readers can get to know you better?

If someone down the road were to say, "What do you remember about Tera Majors?" I want the response to be "She always loved her dogs more than anything."

# Diseases of the Adrenal Glands

## From Cushing's to Addison's

By Merry Fitzgerald, DVM

Published in Dog News 4/18/25

### What do a dog's adrenal glands do?

A dog has two adrenal glands, which are located in the abdomen just in front of each of the kidneys. The adrenal glands produce crucial hormones that regulate vital bodily functions like metabolism, blood pressure and stress response. They are essential for maintaining overall health and well-being.

The adrenal gland has two parts — the cortex and the medulla.

The adrenal cortex is subdivided into three layers, and each layer produces a different set of steroid hormones. The outer layer produces the mineralocorticoids, which help to control the body's balance of sodium and potassium salts. The middle layer produces glucocorticoids, which are involved in metabolizing nutrients, breaking down fats and proteins, as well as reducing inflammation and immune responses. The inner layer produces sex hormones such as estrogen, progesterone and androgens, which impact reproductive functions.

The adrenal medulla plays an important role in response to stress or low blood sugar. It releases

epinephrine, also called adrenaline, and norepinephrine, both of which increase heart output, blood pressure and blood sugar. These also act to slow digestion. Epinephrine/adrenaline is the “fight or flight” hormone that is crucial for short-term stress reactions.

### What Happens When The Adrenal Glands Produce Too Many Hormones?

Dogs can struggle if the adrenal glands overproduce glucocorticoids, or cortisol. This is called hyperadrenocorticism, also known as Cushing's disease. There are three types of Cushing's disease, each with a different cause. Identifying the cause is important because each type is treated differently, and each has a different prognosis.

The most common cause of Cushing's disease (approximately 85 to 90 percent of all cases) is a tumor of the pituitary gland, which is located at the base of the brain. The tumor may be either benign (harmless) or malignant (cancerous). The tumor causes the pituitary gland to overproduce the hormone ACTH, which stimulates the adrenal glands to produce cortisol.

Pituitary tumors may be large or microscopic. If the activity of the adrenal gland can be controlled with medication, many dogs with this form of Cushing's disease can live normal lives for many years. If the pituitary tumor grows, it will affect the brain, often resulting in neurological signs and a less favorable predicted outcome.

Adrenal-gland tumors are another cause of Cushing's disease. If the tumor is benign, surgical removal will cure the disease. If the tumor is malignant, surgery may help for a while, but the prognosis is much more guarded.

The third type of the disease is iatrogenic Cushing's disease. It occurs when there is excessive use of an oral or injectable steroid medication. Although steroids are helpful in treating certain medical conditions, in this case, their excess has become harmful to the patient.

### What Are The Signs Of Cushing's Disease?

Regardless of the type, the clinical signs of Cushing's disease are the same. The most common signs are increased appetite, water consumption and urination. The increased appetite is a direct result of elevated cortisol levels, which stimulate the appetite. Lethargy and a poor hair coat are also common signs.

Many “Cushingoid” dogs develop a bloated or pot-bellied appearance because of an increase of fat within the abdominal organs. This stretches the abdominal wall as the organs get heavier and the muscles of the abdominal wall get weaker. Other signs include panting, chronic skin infections, skin mineralization called calcinosis cutis, and persistent bladder infections.

### How Is Cushing's Disease Diagnosed?

The two most common blood tests to detect Cushing's disease are the ACTH stimulation test and the low-dose dexamethasone suppression (LDDS) test. Other tests that may help determine the type of the disease are the levels of the hormone ACTH in the body, a high-dose dexamethasone suppression (HDDS) test, or a urine cortisol/creatinine ratio. Although these tests can be expensive, they are necessary to determine the best treatment and prognosis for your dog.

### What Are The Treatment Options For Cushing's Disease?

Treatment of the pituitary-induced form of Cushing's disease can be complicated. Trilostane (brand name Vetoryl) is the drug most prescribed. It works by blocking an enzyme involved in hormone synthesis. Mitotane (Lysodren) is another option. It destroys adrenal tissue and can be associated with more side effects. Selegiline hydrochloride (Anipryl), and ketoconazole (Nizoral) are other medications, although they are not considered as effective as trilostane or mitotane and are not typically recommended.

Adrenal tumors are best treated by surgical removal. If the surgery is successful and the entire tumor is removed and found to be benign, there is a good chance that the dog will regain normal health. If surgery is not an option, some of these patients can be managed with medication, as discussed above, although they do not tend to respond as well. Mitotane may be more effective with adrenal tumors as it can be destructive to the tumor itself at higher doses. Radiation is an option at certain referral centers.

Iatrogenic Cushing's disease is treated by discontinuing the steroid being given. The drug must be withdrawn in a controlled, gradual way so that other complications do not occur. Other treatment options for the primary disease must be explored.

### Are There Cases Where The Adrenal Glands Do Not Produce Enough Hormones?

When the adrenal glands are not producing enough hormones, the diagnosis is hypoadrenocorticism, also called Addison's disease. Usually there is a deficiency of cortisol as well as aldosterone. Aldosterone plays a role in the regulation of fluids and electrolytes in the body. Cortisol, a stress hormone, helps regulate the body's sugar levels and metabolism to provide fuel for the body when it is urgently needed.

If the secretion of aldosterone is decreased, the levels of potassium, sodium and chloride in the blood are affected. Potassium gradually builds up in the blood, and, in severe cases, may cause the heart to slow down or beat irregularly. Some dogs' heart rate can slow to 50 beats per minute (normal canine heart rate is 60 to 140 bpm) or lower. These dogs become weak and may go into shock. Decreased production of cortisol results in low blood-sugar levels.

### What are the symptoms of Addison's disease?

The symptoms of Addison's can be vague and include vomiting, diarrhea, loss of appetite, dehydration, weight loss, weakness, shivering and lethargy. Although signs can be hard to identify while Addison's disease is developing, severe consequences, such as shock and kidney failure, can develop quickly. Some dogs may experience

an "Addisonian crisis": They collapse and have a slow heart rate with a low body temperature. This is a medical emergency.

### How Is Addison's Disease Diagnosed?

The range of non-specific symptoms can make Addison's disease difficult to diagnose. Although the disease can be seen in any breed, sex or age, it is most common in young adult female dogs. Bloodwork may reveal changes in the sodium and potassium levels, but a specific test called an ACTH stimulation test is required to confirm the diagnosis.

### What is the treatment for Addison's disease?

The treatment for Addison's disease involves lifelong hormone-replacement therapy, including both glucocorticoid and mineralocorticoid supplementation, with both oral and injectable medications. Glucocorticoids are supplemented with oral medications like prednisone to replace the missing cortisol. Desoxycorticosterone pivalate (DOCP) is an injectable medication that replaces the missing mineralocorticoid hormone aldosterone. This drug's brand name is Percortin and is given every 21 to 30 days.

Regular blood tests are important to monitor hormone and electrolyte levels for both Cushing's and Addison's diseases, allowing for adjustments to medication dosages as needed.

### Here's what some of our NBGC members have been doing!

#### Myra Coe-Hixson

Successes with these two as well, Falkor perfect weekend, 6 more QQs till MACH6! Atari had no QS but really great things! I just loved this run I did as FEO, the girl really has some great skills! Most of her runs were just one thing wrong.

#### Sonja Winter

Sizz found her grove in retirement! At 13.5 she still wants to be very busy using all of her skills!

This is the last hide at her very first Scent Work Class!

## Myra Coe-Hixson

Great agility weekend for these three. Falkor had a perfect weekend. Atari earned Novice Fast title and 2 open jumpers Qs. We are syncing more and more as a team. Porter had very close almost Qs runs. I was so happy to see solid weave progress and him being happy and super speedy! And won a new soft crate in raffle!!

## Sonja Winter

Huge shout out to The American Chesky Terrier Fancier's Association and The Delaware Valley Bull Mastiff Club, the Judges, Volunteers, BVTC and staff for hosting a very successful Scent Work Trial. Being able to volunteer was a fabulous way to learn and watch many fabulous teams work and succeed. Little did I know how much fun these two would have sniffing!

Dax and Sizzz were neck and neck in Handler Discrimination Novice A with Dax 1st and Sizzz 2nd earning their titles. Dax got his first leg in Novice Buried and fourth place. Today, Sizzz was amazing! Out of 11 entries in Novice Interior this little 14-year-old BG got 1st Place!! She has found her groove after having to retire from obedience and rally! Never give up on your seniors! Their Nose knows!!!

## Something To Ponder... *Opinions, Hints, Etc.*

### *Opinion*

Submitted by  
David McCollum

Years ago, breeders didn't "campaign all over the country... but what they did do was invest their money in bringing breeding stock in. The wealthy people today invest their money today in the campaigning of one big special at a time, and when it's all said done, the breeding stock hasn't been improved by what they've done. I wish more people today would invest more money in improving breeding stock rather than just campaigning."

- Pat Trotter, respected AKC judge and author

### *Hint! Hint!*

#### **BEEF LIVER REMEDY FOR FADING PUPPIES**

This is an old remedy, but seems to work wonders.

Take a large piece of beef liver, add a little bit of water, and boil slowly, about 5 minutes, until the blood comes out. Let cool, drain the liquid and put just 4 drops (no matter the breed) into a dropper and give to puppy. At first you give it every 2 hours for 12 hours, then every 4 hours. Continue until you feel the puppy is thriving. Don't use any of the liver itself, it's way too rich, just the liquid.

As noted on page 2, articles appearing in this publication are not necessarily the opinion of Brussels Sprouts, it's Editors or the NBGC. However, all NBGC members are welcome to share their thoughts and opinions that pertain to Brussels Griffons and the health and well-being of future generations of our breed.

To be listed in the **Brussels Sprouts Breeder Directory**, the person must be a NBGC member in good standing a minimum of one year. Listings will also be posted on the NBGC website. The **Breeder Directory** is available only on a yearly basis.

## NBGC CODE OF ETHICS

In the service of achieving the objectives of the National Brussels Griffon Club, this Code of Ethics is established as a model of behavior for the membership. It is our aim to provide guidelines that will facilitate responsible breeding and selling of Brussels Griffons, further conscientious and enlightened ownership of the breed, and foster cordial mutually supportive relations between Club members and between the Club and the public with regards to the Brussels Griffon breed. Circumstances do arise that call for flexible innovative behavior and matters of judgment. Therefore, in all questions of ethics, covered or not covered by this code, the member shall act solely in the best interest of the breed, in good conscious and motivated by good intentions.

1. A primary consideration in all breeding will be the guidelines of the AKC standard and the improvement of the breed.
2. If planning a breeding program, members will conscientiously strive to use the very best dogs (sires and dams), free from known physical and mental defects, including breed disqualifications. We recommend that breeding stock be screened using all applicable testing to be certified free from hereditary eye defects, patella luxation, hip dysplasia and cardiac disease.
3. Owners of stud dogs will give thoughtful consideration and use discretion when accepting bitches for breeding, breeding their stud dogs only to quality bitches free from known hereditary defects, serious faults and breed disqualifications. The owner of the sire is as responsible as the owner of the dam in all matters of the welfare of the offspring.
4. No bitch shall be bred before her second season or before she is 18 months old, nor shall she be bred after her eighth birthday.
5. No member will sell a dog or supply stud service to a pet shop, broker, any person buying the dog for resale, any person having a USDA number or to any known volume breeder. No member shall have a USDA number.
6. No member will malign competitors or fellow club members by making libelous, slanderous or malicious statements regarding another's dog(s). All actions regarding the dogs, fellow members and the general public must consider the best interests of the breed.
7. No member will make statements about his/her dogs which are false or misleading nor will they misrepresent stock to potential buyers.
8. The seller will put all guarantees in writing. The seller will provide the buyer with printed instructions concerning the care of the dog including vaccination records and all pertinent facts concerning the dog. The seller will provide the buyer with a copy of the Code of Ethics.
9. Each puppy will be at least **12 weeks old** before it is sold or released to a new home and will have proper inoculations for his/her age.
10. The seller will furnish the buyer with a three-generation pedigree and American Kennel Club registration application or certificate unless there is a written agreement saying the buyer is not to receive papers.
11. Each member will be responsible for the welfare of every dog he/she breeds, sales or places. This means following up on each dog to be sure the new owners are happy with the dog and the dog has adjusted well to the new home. This also means having an understanding with the new owner that at any time in the future the owner is unable to keep the dog, the owner is to contact the seller, and the seller will have the responsibility to either take the dog or find it a new home.
12. Each member owning a Brussels Griffon pledges to provide lifelong quality care for their animal(s), to give proper immunizations as recommended by their veterinarian, to carry out all terms of contracts signed by breeder(s), and if one cannot keep said dog(s) return to the breeder. If this is not possible, then the dog should be neutered / spayed and placed in a loving home.

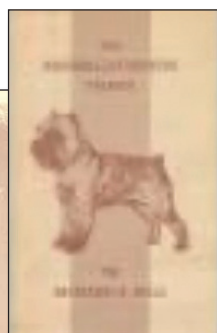

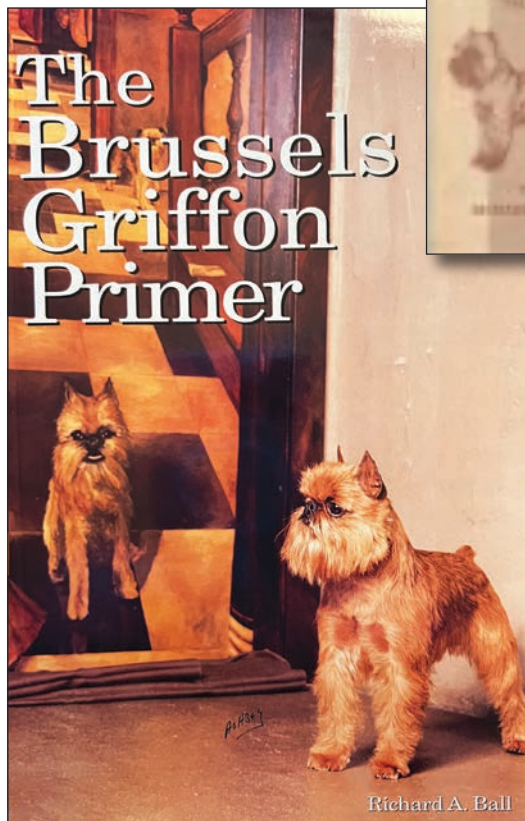

# AVAILABLE!

## The Brussels Griffon Primer

Author: Richard A. Ball

Contributor: Sandra Tetzlaff

Editor: Marjorie Simon

1st Edition 1984 - National Brussels Griffon Club currently listed on Amazon as a collectible. Lowest price for 1st edition is currently \$200.

NBGC does **not** have 1st Edition copies available.

However, the NBGC has just received a box of untouched copies of The Brussels Griffon Primer, 2nd edition, in pristine condition, published in 1998, that are available to NBGC members only.

The Primer is 120 pages, contains 14 Chapters of in-depth text and over 100 photos. A must own guide for every Griffon fancier. A beautiful keepsake or gift... Listed for \$30 each or overseas \$35 each.

To get your copy, email your request to:  
National Brussels Griffon Club, Inc.  
c/o Kathy Jacobs  
sheso@sbcglobal.net

Spend payment to PayPal at: NBGCInc1971@yahoo.com

## Brussels Sprouts Advertising Information

- Centerfold: **\$150**
- Two Full Facing Pages: **\$100**
- Single Full Page **\$50**

**DEADLINE for the  
Fall Issue is  
August 15th!**

Deadlines will also be posted  
on NBGC Facebook page.

For more info, email  
**sheso@sbcglobal.net**

### ADVERTISING SPECS

The Brussels Sprouts designer will create your ad for you at no charge. A PDF proof of your ad will be sent for your approval before publication. Ads by outside designers are welcome too. Just use these specs:

Finished page size is 5.5 x 8.5 inches. For full bleeds add 1/8" on all sides.

Keep all type 1/2" from the edges. Submit files as 300-dpi jpgs or hi-res PDF files written at 300 dpi with fonts embedded. Centerfold is 11" x 8.5" plus 1/8" on all sides for full bleeds. Email ads to DaybreakD@me.com.

If Sprouts is creating your ad, send your hi-res 300-dpi digital/scanned photos as email attachments, and advertising copy in a Word doc or typed in an email to:  
**Susan Hurrell at DaybreakD@me.com**

### WANT A PREMIUM AD SPOT? HERE'S HOW TO RESERVE ONE

Sprouts will accept reservations for covers and centerfolds, but your request must be accompanied by a non-refundable payment in full. Inquire prior to sending payment to ensure the position you desire is available in the issue you want. Don't wait though, the best spots are first come, first served!

### HOW TO PAY – BY CHECK OR PAYPAL

Make checks (USD) payable to NBGC, note what the check is for, and mail to:

NBGC  
c/o Kathy Jacobs  
9382 Elm Ave.  
Orangevale, CA 95662

OR ... Send your PayPal payment to **NBGCInc1971@yahoo.com**.

**Note that non-payment of your ad will result in suspension of your NBGC membership and non-delivery of Brussels Sprouts until payment is received.**
